THE PRIVATE HIRES TEAM

OUR ROLE & APPROACH:

The Curzon Private Hires team handles enquiries and hires across all cinemas. As our cinema teams work shifts, we operate as a central Head Office team, not based on site, who can respond promptly to enquiries and emails.

During the coordination of your event, you may receive replies from different members of the team. This helps ensure you receive the quickest possible response—if one person is unavailable, another team member will step in to assist.

THE PRIVATE HIRES TEAM WILL:

- Quote for your event
- Arrange any site visits to view the venue(s) - either with member of the team or a venue manager
- Arrange the contract to confirm your booking and coordinate with our Finance team to issue your invoice
- Create a running sheet for event coordination covering all logistics and agreed details
- Schedule a technical rehearsal on-site with our dedicated Technical team (where applicable)
- Inform you who is running the event on the day

ON THE DAY:

The cinema team will run your event using the running sheet created with your Private Hires contact. When you arrive, the manager on site will review the running sheet with you and ensure everything runs smoothly throughout your event.
